WORK EXPERIENCE

UPWORK FREELANCING
JUNE 2015 - TODAY

PYTHON AND ALEXA SKILL DEVELOPMENT
Negotiated with assorted clients included Microsoft, BodyBuilding.com and others to create and deploy voice solutions coded in Python, web applications in Flask, and REST APIs in PHP. Self-employed.

VIIBRANT
APRIL 2017 - TODAY

PYTHON, PHP, AND AMAZON ALEXA SKILL DEVELOPMENT
Developed, Deployed, and managed a Python based resident engagement system for voice use, including REST API development in PHP using the Medoo Framework. Worked with AWS for Lambda, RDS, and Alexa for Business.

SKYSWITCH
JANUARY 2017 - MAY 2019

PYTHON, LARAVEL, AND AMAZON ALEXA DEVELOPMENT
Integrated calling from a Cloud Based PBX API into a Python-based voice chatbot. Created an entire deployment solution designed to auto-create and deploy dynamic version of the program for different clients. Worked with the Laravel PHP framework to interact with Internal APIs and tools for consumer use.

EDUCATION

UNIVERSITY OF SOUTH FLORIDA
JUNE 2015 - MAY 2020

INFORMATION TECHNOLOGY

Currently Working towards a degree in Information Technology.
